\$0.99 for 125 more questions? That's literally 8/10ths of a cent per question. And this game is amazing.

Yes. Get it.. Best \$1 I've ever spent. Required if you play Quiplash alot to avoid repeats..

this sucks! It wont let me play it after i bought it. . A great addition to an already amazing game! Would definitely reccommend!. Having a large amount of prompts is a definite must with a game like this to preserve replay value, so I'd reccomend this pack if you play Quiplash often.. gr8 expansion pack for already hilarious game

10/10. i realy think this is a must for anyone who has a spare dollar and nine cents and has quiplash cause it realy removes a lot of boredom from the normal prompts and is just nice
